GET \$41,814 FUND

NODAWAY COUNTY SCHOOLS RECEIVE \$3,104 INCREASE.

\$5,431 TO MARYVILLE

City Educational Institutions Receive Eighth of Entire Amount—Apportionment Money This Week.

The 178 schools of Nodaway county will receive \$41,814.14 from the state, county, township and railroad, telephone and telegraph funds, for use in the schools for the ensuing year, according to County Clerk George Demott. He expects to complete the apportionment this week for each district. The separate amounts for each district will then be sent out by County Treasurer W. R. Tilson.

The state fund which amounts to \$21,652.71 was received this week, while the other funds are in the county treasury. The total amount for the county exceeds that of last year by \$3,104.99, the last year's total being \$38,710.15.

City Schools Fund.

The Maryville schools, which are in district 97, will receive \$4,998.93 from all sources except from the railroad, telegraph and telephone building fund, according to Mr. Demott. Adding the amount received last year from that, railroads, telegraph and telephone fund, Maryville will receive a total of \$5,431.28. The latter fund amounted to \$485.35 last year for Maryville.

The state apportionments are as follows:

Rural aid	\$1,839.63
High school (unconditional)	2,134.35
High schools (conditional)	525.27
Teachers' quota	10,750.00
Attendance quota	5,803.46

Total state fund \$21,652.71

The only conditional high schools in the county are at Barnard and Elmo. Elmo school gets \$246.22 and Barnard \$278.05. If the course offered is not up to the standard required by state law they will lose this amount however.

The other apportionments for Nodaway county are:

County	\$7,259.20
Township	1,806.57
Railroad, telegraph and telephone (incidental fund)	10,077.16
Railroad, telegraph and telephone (building) fund	868.50
To Graham consolidated district	750.00

Total (excluding state) \$20,761.43

Grand total (including state fund) \$41,814.14

The apportionment for the Maryville public schools, excluding the railroad, telegraph and telephone building fund, is divided as follows:

County	\$1,109.91
Township	3.75
Railroads, telegraph and telephone (incidental fund)	1,522.82
Teachers' quota (state)	1,450.00
Attendance quota (state)	912.45

Total (excluding building fund) \$4,998.93

8,937 Pupils.

The total enumeration of children between the ages of 6 and 21, inclusive in Nodaway county at the last enumeration is given as 8,937, in comparison to 7,959 last year. The total number of teachers in the county are 248. Seventy-two of them teach in schools having an average daily attendance of less than 15 pupils, 173 in schools with more than that attendance. Three teachers receive more than \$1,000 annually in salary. They are W. M. Westbrook, superintendent of the city schools, E. R. Utter, principal of the high school and the principal of the Hopkins schools.

Those teachers having less than fifteen pupils daily receive \$25 from the state, included in their salary. Those having more than fifteen daily receive \$50 from the same source and the three teachers mentioned receive \$100 annually from the state.

806,000 In Term.

The total daily attendance of all schools in the county for a 100 day period is given by County Clerk Demott as 793,905.

The township fund is derived from the proceeds of the sale of section 16 in each township years ago. It amounts approximately the same each year. The county apportionment is derived from interest from a fund of approximately \$140,000 which the county has loaned out on mortgages and real estate holdings.

The extra fund to the consolidated district of Graham was only begun this year. This was brought about by the joining of four districts near that town last year. A suit now is on in circuit court because of the consolidation.

The incidental fund from railroads, telegraph and telephone funds, except for building and repair work. Maryville gets all but 65 cents of the telegraph fund, which amounts to \$4.40.

SEEKS DIVORCE.

Skidmore Farmer Is Sued for Separation—Worth \$14,000.

A suit for divorce was filed in circuit court this morning for the January term of court by Mrs. Elvira B. Dawson against Noah E. Dawson. Dawson is a wealthy farmer living two miles southeast of Skidmore. He is estimated to be worth approximately \$14,000 by Mrs. Dawson in her divorce petition.

They were married in this state in January, 1904. They have four young children. She seeks to gain custody of the children and also maintenance for them and such amount as the court deems proper for herself.

A divorce is sought on the grounds that he offered her indignities and accused her of improper conduct. Mr. and Mrs. Dawson separated Monday according to the petition.

CAMPAIGN IS ON

DEMOCRATS VIRTUALLY START STATE CANVASS TODAY.

MANY MEETS ARRANGED

County, State and National Candidates Take Field in Behalf of Party—Maryville On List.

Although the democratic state campaign will not have its big opening until October 6, several rallies will be held before that date, and the meetings are being well advertised. Assistant Postmaster General A. M. Dockery will deliver an address at Excelsior Springs today, Smithville tomorrow, Chillicothe, Friday and at Jamesport and Pattonburg the afternoon and night, respectively of Saturday, October 3.

He will answer the standpat arguments of Thomas J. Akins, republican candidate for the United States senate, who in the last ten days has been campaigning in the eastern part of the state attacking the tariff and the "watchful waiting wins" policy of President Wilson. At DeSoto and Festus last week Akins pledged himself, to favor a protective tariff. He said the president's policy in Mexico had discredited the United States in Europe.

Although the cities and dates have not been chosen, both Senator W. J. Stone and Postmaster General A. S. Burleson will probably appear toward the end of the campaign. Itineraries have been arranged for Governor E. W. Major, Attorney General John T. Barker and Cornelius Roach, secretary of state. They will take as active part in the campaign as official business will permit.

It is hoped that President Wilson can appear at one of the rallies in the state. Senator Stone and other members of the Missouri delegation in congress have asked the president to visit the city. But so far Mr. Wilson has refused to consider leaving Washington until congress has finished its work.

The state committee has announced the following speakers' dates during October: Governor Major, Springfield, October 6; Mount Vernon, October 7; Bolivar, October 8; Osceola, October 9; Armstrong, October 12; Slater, October 13; Higginsville, October 14; Plattsburg, October 15; Maryville, October 16.

Secretary of State Roach: Monroe City and Shelbyville, October 7; Clarence and Shelbyville, October 8; Clark and Sturgeon, October 9.

Attorney General Barker: Perryville and Ste. Genevieve, October 5; Jackson and Cape Girardeau, October 6; Benton and Charleston, October 7; New Madrid, October 8; Caruthersville, October 9; Kennett and Campbell, October 10; Poplar Bluff, October 12, and Williamsburg and Greenville, October 13.

State Auditor Gordon: Ashland and Hallsville, October 10.

A number of other prominent men of the party have offered to speak. Every county in the state will be invaded by men well armed with information defending the national and state administrations from the groundless attacks of the republican candidates.

Nodaway county is on the list for several political meetings, although the dates for the rallies have not been definitely decided upon. Not only will local county candidates appear but many speakers of prominence throughout the state will appear in behalf of the party. The campaign in the county is expected to begin next week, in earnest.

Is Slightly Improved.

Earl Campbell of St. Joseph who has been partially delirious and paralyzed since last Saturday, when he was brought to the home of his parents here, was slightly improved at 2 o'clock this afternoon. He is conscious part of the time. At 6 o'clock this morning he was in a very serious condition but later took a change for the better.

TO GIVE PAGEANT

COUNTY SCHOOLS PARTICIPATE IN ADDED EVENT.

IS HOMECOMING WEEK

Committee Offers Eight Prizes Aggregating \$70 to Best Parade Attractions—Ten Already In.

An historical school pageant will be given Saturday, October 17, in Maryville in connection with the Nodaway County Home Coming celebration and domestic science and agricultural meet.

The pageant will consist of a parade composed of floats and marching squads, depicting historical and school activities.

This added feature to the final day's attraction of Maryville's initial fall event, was decided upon at a meeting this week. The work is under the direction of W. M. Oakerson, county superintendent of schools, Prof. W. M. Westbrook, superintendent of the Maryville schools, E. R. Utter, principal of the Maryville high school and several teachers of the county and the state Normal faculty.

Parade On Main Street.

Ten floats and marching squads already have been arranged for and prizes aggregating \$70, \$40 of it being offered to rural schools and \$30 to town schools outside of Maryville, will be offered as an inducement for displays and attractions in the pageant.

Parades will meet and form at the First Methodist Episcopal church, First and Main streets at 1:30 o'clock Saturday afternoon, October 17. The parade will go north on Main street to Fourth street, thence around the court house square and return to the starting point.

The following is a partial list of the floats and squads which will be in the parade and the parties or schools which will give them.

- 1—Indian life; Maryville ward schools.
- 2—Pioneer customs; grades of Washington school.
- 3—Pioneer social customs; grades of Washington school.
- 4—Old fashioned singing school; Normal training school.
- 5—"Destructive skule", Maryville high school.
- 6—Kindergarten; Normal training school.
- 7—Agriculture; Normal school agricultural department.
- 8—Manual training; Normal training school.
- 9—Athletics; Maryville high school.
- 10—Science (including domestic science) chemistry and physics; science department of the high school.

Desire County Represented.

All of the school of Nodaway county are invited to participate in this parade. Liberal prizes are offered to the rural schools and the town schools outside of Maryville. These prizes are for the best representation of a school of Nodaway county historical activity.

Prizes will be as follows:

For rural schools—
First prize \$15.00
Second prize 10.00
Third prize 7.50
Fourth prize 5.00
Fifth prize 2.50

For town schools outside of Maryville:

First prize \$15.00
Second prize 10.00
Third prize 5.00

What Will Bring Prizes.

The float or marching squad, as it may be, representing the activity of any school, will be judged on the following points: Originality, beauty and apparent amount of work expended in preparation.

The following are some of the suggestive activities for schools to represent: School garden, tomato club, modern rural school, play ground, school festival, school agriculture, domestic science, box social, corn judging, clean up day, rowing party, may pole dance, camping party or farm.

A school may select any other phase of school work or any other school activity to represent.

TO LOCATE IN CHICAGO.

Edward McMillen to Enter Partnership With Son In Drug Business.

Edward McMillen left today noon for Chicago where he will locate permanently and will be associated with his son, Edward McMillen, Jr., in the drug business. The junior McMillen has been in business in Chicago for a number of years. A younger son of Mr. McMillen, Dr. Paul McMillen, has also been a resident of Chicago for a number of years, going there to begin his practice as a physician upon the completion of his college course. Mrs. McMillen will join her husband later in Chicago to make her home.

Visiting In Maryville.

Miss Sarah McMaster of Hopkins came to Maryville last night to spend a few days, the guest of Mrs. Mary London.

GETS \$7,515.00 DAMAGES.

Burlington Loses Suit to Maitland Farmer—Engine Fired Pasture.

Edwin A. Gelvin, a farmer of near Maitland, was awarded damages in the sum of \$7,515.65 by a jury yesterday afternoon in the United States court. Gelvin was suing the C. B. & Q. railway for alleged damage done to stock when a pasture owned by him was fired by sparks from an engine.

The case has consumed six days in trial and much evidence introduced. Gelvin alleged that the railroad company's engine, through defective construction, allowed a spark to escape and set fire to his pasture. The burning grass, he alleged, so frightened his cattle that they stampeded and suffered great injury.

The case has been appealed. The jury deliberated two hours.

SELECT SEED CORN

EXPERTS SAY AUTUMN IS TIME FOR CHOOSING EARS.

ADVISE HOME PRODUCT

Government Believes Farmers Should Reproduce From Own Fields or of Neighbors to Make Test.

Autumn is the time to prepare for a profitable corn crop the following season. At this time the seed is most abundant and the very best can be obtained before it has been in any way reduced in vitality. Many let the opportunity pass, expecting to purchase their seed corn in the spring, but the department of agriculture's specialist in charge of corn investigations advises that the autumn is the best time to select good seed.

The best place for the farmer to obtain seed corn is from fields on his own farm, or in his neighborhood, that were planted with a variety which has generally proved most successful in that locality. Of course, if a community has an experienced and honest corn breeder on whom it may rely, the seed corn may be obtained from him.

What Constitutes Good Seed.

The corn breeder who has demonstrated year after year the superiority of his corn will demand a special price for his superior seed. Such corn breeders are improving corn as cattle breeders have improved cattle. He has used special methods that farmers generally have not time to apply. Five dollars a bushel is not too much to pay and will be a profitable bargain for both parties.

By far too many consider seed good simply because it will grow. To be first class, seed must be:

- (1) Well adapted to the seasonal and soil conditions where it is to be planted.
- (2) Grown on productive plants of a productive variety.
- (3) Well matured, and preserved from ripening time till planting time in a manner that will retain its full vigor.

The importance of the three requirements just enumerated has been demonstrated experimentally by the department's office of corn investigations. The results given briefly, as enumerated, are as follows:

- (1) For a series of five years, 12 well-bred varieties were tested in ten northern states, equivalent lots of seed being used in each state. Varieties that produced most in some states were among the poorest in others.

ENJOY SPECIAL FILM.

"Martin Eden" Is Shown—Swiss Bell Ringers Come October 7.

"Martin Eden" by Jack London, was photoplayed at the Empire theater last night to a crowd. It depicted perhaps better than any of the other London stories filmed at the local house, the real life of the western fiction writer.

The Swiss bell ringers, traveling for years under lyceum contracts, will appear at the Empire theater, Wednesday night, October 7. They showed at Columbia last night and their work met with favor among the college students. The program consists of musical novelties and instruments of unusual character. A Hungarian dulcimer is one of them.

Here From Albany.

Mrs. Mary O'Malley and daughter, Grace, of Albany, came to Maryville last night to attend the Brink-Bellows wedding this evening. While here they are house guests of Mr. and Mrs. R. G. Sanders.

Assaultant Gives Bond.

John Munn of Gaynor City, father of Sherman Munn, confessed assaultant, went surety for his son's parole bond of \$1,000 this afternoon. He was sentenced to serve a two years' sentence this morning in circuit court, but later paroled.

BEGIN CRIMINAL CASES

Women Charged With Giving Liquor to Minors Come Before Jury—Big Cases Tomorrow.

The trial of criminal cases before a jury were begun in the September term of circuit court this morning. Two of the most important criminal cases of the term are set for trial tomorrow. They are in the charge of murder in the second degree against Roy Gunn, and of carnal knowledge against Daniel Taylor of near Graham.

Taylor when brought before Judge W. C. Ellison this morning waived formal arraignment and pleaded not guilty. He is charged with having mistreated Alice Fay Galbreath, 15 years old, a year ago. He was employed on the farm of Miss Galbreath's father. A child was born to her last April. Gunn is charged with having caused the death of Leonard W. Huddle last June at Burlington Junction, following a fight.

Sherman Munn, charged with assault to kill his brother, David L. Munn, in December, 1913, was sentenced to serve two years in the state penitentiary but later paroled by Judge Ellison this morning, when Munn confessed to the assault.

Munn is alleged to have shot at his brother following an enmity of some standing. A shot gun is alleged to have been used. A second indictment charging him with shooting into his brother's home, also was brought.

The parole of Munn was ordered by the court following the submission of a petition, signed by many of the citizens living in the neighborhood where the crime was committed. In granting the parole Judge Ellison said:

"If I were to follow my inclination and what I personally believe ought to be done, I would refuse a parole in this case, but when I am confronted with a petition signed by probably a hundred of the leading and most highly respected people of the community where the defendant lives, and where the offense was committed, I feel that it would be arrogance for me to oppose my own individual opinion against the views of these splendid men, who are more deeply interested in the punishment of this particular offense, occurring in any other midst, than the people of any other locality.

"I cannot believe that the men who have signed this petition would do so unless there was real merit in their request. I therefore, am going to subordinate my own personal views to the wishes of these petitioners, and parole the defendant on condition that if he is ever hereafter seen in an intoxicated condition or is ever found engaged in any transaction involving a violation of the criminal laws of the state, or is ever found in a saloon within my jurisdiction, the parole will be immediately revoked without warning to him, and the sentence will be promptly enforced."

The following cases were dismissed by Prosecuting Attorney Geo. Pat Wright, this morning:

John Fisher Jr., charged with operating a motor car while intoxicated; C. D. Mayhugh, charged with wife abandonment; Daniel Williams, charged with disturbing the peace of person; Walter Ellsworth, charged with wife abandonment.

Action was taken as follows this morning in these cases:

Elmira B. Dawson versus Noah Dawson for divorce; plaintiff files petition and writ ordered returnable to next term and cause continued. Nellie Ferguson versus Thomas J. Ferguson, attachment; judgment by agreement of parties to plaintiff for \$500.00.

Adam J. Kimmet et. al., versus Frank W. Kimmet, et. al., partition; cause submitted to court, evidence heard and finding and decree of partition by sale, all interests being found to be as set forth in petition, and sale by sheriff ordered.

William Sharp versus Sarah A. Devault, et. al., to perfect title; evidence heard and decree for plaintiff.

William Z. Woodburn versus Sarah Veatch to perfect title; M. E. Ford appointed guardian for Sarah Veatch, insane, and decree for the plaintiff vesting him with title in fee to land described in petition free from all claims, rights and demands of defendant.

State versus Wood Gaulding on parole; defendant ordered discharged.

OFFER GOOD CONCERT.

Tomorrow Night's Offering Appears Exceptionally Fine.

The weekly concert of the Maryville Commercial band, to be given in the court house square tomorrow night beginning at 8 o'clock, promises to be unusually good, judging by the program arranged. The band will be directed as usual by T. B. Maulding.

The program follows:
March "Adele" Lampe
Waltz, "Wedding of the Winds" Hall
Intermezzo, "Bizzaria" Laurendeau
Indian Characteristics Piece, "Toma-hawk Dance" Herman
Vocal Solo, by Wayne David with band accompanying, "Rebecca of Sunny Brook Farm" Gumble
Polka, "The Wanderer" Harlow
Solo for baritone by Lloyd Miles.
Overture, "The Belle of the Village" Bouillon
One-Step or Trot, "Jamais Trop" (Never too Much) Frey

MISSOURI HELPS

FOUR STATES FURNISH HALF OF WAR TAX.

BEER AND GAS CAUSE

Illinois, Oklahoma and Wisconsin Join With Own State In Defraying Government Bills—Lands Wilson.

(By W. C. Van Cleave.)

Washington, D. C., Sept. 26—It is claimed that Missouri, Illinois, Oklahoma and Wisconsin will pay one-half of the proposed war tax or over fifty million dollars. In Oklahoma and Illinois it will be charged up mainly to gasoline and in Missouri and Wisconsin to beer. Sixty-five per cent of the state's supply of gasoline comes from Oklahoma, and it is said that a small strip of land five miles wide by eight miles long will pay twenty millions or one-fifth of the entire tax.

Under republican administrations, the various secretaries of the treasury deposited surplus government funds in the national banks. The same thing has been done by Secretary McAdoo. The difference is that former secretaries deposited the funds in favored banks of New York City without interest and some of them accepted positions with financial concerns at the close of their terms, while the present administration has been distributing the surplus among the banks throughout the country so as to aid them in moving the crops of their sections and they have been compelled to pay interest to the government on the accommodation.

In a discussion of the general complications caused by the European embroilment the other day, Hon. Peri D. Decker, the brilliant young orator representing the Joplin, Missouri, district in congress, made the following reference to the foreign policy of President Wilson:

"When we contemplate the tidings of horror and disaster that come from across the sea there is not a man, woman or child that is not grateful to our president, who, supported by the men on this side of the aisle, has made it possible for us to say, 'We are at peace with the world.' We were not afraid to fight with Mexico. With all our wealth, with all our arms, with all our ships, we could have swept swiftly over the hills and plains of Mexico and again placed the Stars and Stripes over the halls of the Montezumas. We could have trampled with the iron heel of war from one end to the other of unhappy Mexico, leaving famine and desolation in our wake; but the man in the White House was thinking of the mothers whose boys would never come back, of those who would go through life maimed and halt; he was thinking of the burdens and the sorrows that war would bring to the people whom he had been chosen to guide. He was also thinking of the people of Mexico—people distracted by strife, bowed down by oppression, impoverished by wrongs; people who, like we, hunger when they have no food, bleed when they are wounded, and grieve when they are wronged. He was thinking of these people as well as his own. Unmindful of the taunts that came from that side of the aisle, heedless of the darts of derision that came from the public press, unperturbed by the tempests of prejudice and passion stirred up throughout this country by sinister interests, he kept the even tenor of his way and has demonstrated that watchful waiting is better than war."

Conception Junction Woman Gave to Minor, Charged.

The trial of Flora Polen of Conception Junction, charged with having given intoxicating liquor to a minor, on two counts, was begun before a jury in circuit court this morning. The trial on the first count was completed at noon. The jury found her guilty and fined her \$40.

Her trial on the second count was begun at the convening of court this afternoon.

Flora Polen and Lena Halley, who operated a rooming house at Conception Junction were each indicted by a grand jury here last January. The Polen woman was held on two counts of giving intoxicating liquor to minors. The Halley woman was held on four counts. They were alleged to have given beer and whiskey to J. W. Baldwin, Harry Schaffer and Emery Smith a year ago.

The jury which tried the Polen woman on the one count this morning consisted of Brice Wilson, Charles Hanna, I. S. Dickerson, Frank Cole, Clayton Carr, John Dowden, Carl Perkins, Edward Busby, Frank Fritz, Edward Shreve, Joseph Holker and John Manorgan.

The case went to the jury at noon, after a trial of about two hours. Another charge against Flora Polen was taken up in court this afternoon before a jury. The charges against Lena Halley will be "aired" next.

Two Navy Fighters Were Attempting Sortie—Germans Try to Set Titled Citizen Free.

London, Sept. 30.—A dispatch to the Times from Milan, gives under reserve, a report that while two Austrian warships were attempting a sortie from Cittaro, one of them was torpedoed, probably by British agencies.

The French advance to near Toul and the armies of the allies renew advance on the German left.

London, Sept. 30.—A correspondent of the Times at Nancy, France, gives an unconfirmed report that French have taken St. Michel, a fortified emplacement on the river Meuse, twenty miles southeast of Verdun and that they have also captured Prince Rupprecht of Bavaria, at Nomeny, fourteen miles north of Nancy.

The correspondent adds that, according to a report, the Germans are assaulting Nomeny with the object of setting the prince free.

ROADS IN BAD CONDITION.

County Engineer Says Recent Rains Caused Much Damage.

The roads and bridges of Nodaway county generally are in bad condition as a result of the heavy rains recently, according to County Highway Engineer John H. Clary. "The roads are in a uniformly bad condition all over the county and in places are almost impassable," said Mr. Clary this morning.

"Much damage has been done to bridges and culverts, and more to fills and grades. Then most of the remainder of the roads are gutted and washed badly by the water following the wheel tracks down the slopes or by the water crossing the roads in many places. This caused a 'washboard' effect which makes it not only inconvenient to travel, but in many cases is dangerous.

"The winter season is almost here and the spring can only be expected to bring more rain than the past few seasons. If something is not done to relieve the condition at once, the roads will be much worse before they have a chance to be made much better.

"The county and all the township boards have gone as far as they can in keeping the work up and unless there is some action by the people voluntarily, much of the necessary work cannot be done this fall and we will be in desperate straits by next spring.

"It will be noticed that roads having a good, high crown and drainage provided for, and are properly dragged, have suffered the least. In fact some only had to be dragged to make them virtually as good as before the heavy rains.

"A good dirt road is as fine a road to drive over as any other. We should not let them go back now just because we got the rain we prayed for all summer."

JOPLIN WOMAN IS RESTORED BY WONDERFUL STOMACH REMEDY

Mrs. Hillman Took Treatment Two Years Ago—Has Been Well Ever Since.

Mrs. Ida Hillman of Joplin suffered from stomach ailments for twelve years. She followed the advice of several expert physicians and took a great deal of medicine. Two years ago she discovered Mayr's Wonderful Stomach Remedy—and she has been well since. Mrs. Hillman took but a few doses. She writes:

"I suffered with stomach trouble almost twelve years. I tried many doctors, but received no help until, while in Cleveland, Ohio, I read your notice in a paper and concluded to try Mayr's Wonderful Stomach Remedy. Since then I have felt like a new woman."

"I took only four bottles, but that was all that was needed to make me well. It has been almost two years

and I have had no return of my trouble."

Similar accounts of the remarkable results of the use of Mayr's Wonderful Stomach Remedy came from all parts of the country. It clears the digestive tract of mucus accretions and poisonous matter. It brings swift relief to sufferers from stomach ailments, liver and intestinal disorders. Many declare it has saved them from operations; many are sure it has saved their lives.

We want all people who have chronic stomach trouble or constipation, no matter how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. This is the medicine so many of our people have been taking with surprising results. The most thorough system cleaner ever sold. Mayr's Wonderful Stomach Remedy is now sold here by Pearson's Pharmacy, and druggists everywhere.

Meets With Mrs. Kemp.

The members of the M. I. circle spent one of their most pleasant afternoons yesterday at the pretty country home of Mrs. M. D. Kemp. Colonial life and customs was the principal theme of study. The devotions were led by Mrs. F. M. Martin and a very fine paper of the early New England institutions was read by Mrs. W. A. Bailey. Mrs. Kemp read the "Courtship of Miles Standish" and the round table of current events was led by Mrs. C. B. Roberts. In the absence of Mrs. B. C. Halley, who was to act as critic, the place was taken by Mrs. L. R. Holt. The first October meeting will be held with Mrs. C. B. Roberts.

SIMPLY BREATHE IT

That's the Way You Use Hyomei, the Safe Catarrh Remedy.

The most pleasant, easiest, harmless, and the really sensible method for the cure of catarrh is Hyomei, which can be had from any drug store. Just put twenty drops of the liquid in the small inhaler that comes with every complete outfit—then breathe it. A few minutes' use almost instantly clears the head and stops that annoying sniffing.

When using Hyomei every particle of air that enters the breathing organs is charged with an antiseptic, healing balsam that destroys the catarrh germs, stops the unclean discharges from the nose, relieves the irritation and quickly heals the sore and inflamed tissues. The first day's use of Hyomei will show a decided improvement no matter how distressing the trouble.

Catarrh, which usually begins with a neglected cold, often becomes a very serious ailment, so don't wait but start using Hyomei today—it is inexpensive and Orca-Henry Drug Co. always sells it on the "No-cure-no-pay" plan.

CONGRESS TO ADJOURN TILL AFTER ELECTION

Special Session to Consider Ship Purchase Measure.

Washington, Sept. 30.—An administration-approved movement for three days' recesses of the house beginning next week, an adjournment of congress if possible by Oct. 10 and a re-assembling of congress in special session on Nov. 11, under call of President Wilson, to consider specifically the ship purchase bill, was undertaken by the Democratic leaders at the capital. All day there were conferences between the leaders and rank and file of their party in both houses and the results gave hopes for an agreement along this line.

The president has told senators and representatives repeatedly that the war revenue tax bill, already passed by the house, and the Clayton anti-trust bill should be enacted into law before adjournment. The Clayton bill is in the form of a conference report, which is being filibustered against in the senate but which will not occasion much trouble when brought up in the house. The third measure, which the president urged, was the rivers and harbors bill, which passed the house and is ready for his approval.

PERMANENT PEACE PLAN

Would Make Uncle Sam Arbitrator of European Disputes.

London, Sept. 30.—Since President Wilson made his statement that peace overtures were premature at the time, English officials have felt reassured and they now express confidence that the United States will, at the proper time, exert its good offices to bring the war to a close under conditions insuring a permanent peace in Europe.

High officials expressed confidence that the United States, after the continental combatants had become somewhat exhausted by the struggle, would exert a powerful influence for peace and make it possible to negotiate a treaty which would require European nations to submit their future differences to the United States for arbitration, thus making a recurrence of the war impossible.

FLEET SQUAD READY TO FIGHT

New Type of Guns Being Placed on All German Warships.

Copenhagen, Sept. 30.—Travelers arriving here from the Kiel canal say that the Germans are busy placing new ordnance, which the Krupp works has been experimenting with for the last two years, on the armored cruisers and destroyers.

The ordnance is described as being crowded with warships, including the largest battleships. The armaments are heavy and night and day are being fired continuously with immense guns for the ships.

The Germans are reported as declaring that the whole fleet will soon be ready to fight.

Wheat Prices During Wars.

The high price of wheat in Chicago during the Franco-Prussian war was \$4.62 in 1871. It sold the year after the war as high as \$1.61. The top quotation during the Civil war was \$2.26 in 1864. There is no record of American wheat prices during the Ottoman war (1854-1855), but the average price in England in 1855 was \$1.25 to \$2.26 a bushel.

Spencer, Mr. and Mrs. Gus Prinz and Dr. Floyd Spencer of St. Joseph, who arrived at noon today.

Surprise for Mrs. Nixon.

A very successful surprise was perpetrated on Mrs. I. W. Nixon last night when a number of her friends and neighbors, by a pre-arranged plan, just happened to call, until in a short time all were there to enjoy the evening together. The hours were spent in playing dominoes and refreshments of fudge, popcorn, ice cream and cake were served. Those who composed the merry company were Mrs. Nixon, Miss Myrtle Nixon, Mrs. William Funk, Mrs. Cooper Gooden, Mrs. W. A. Bailey, Mrs. W. R. Wells, Mrs. Charles Wells, Mrs. J. G. Price, Mrs. Olive Garrett, Mrs. Ralph Price, Mrs. T. K. Wray, Mrs. Leta Wray, Miss Leska Wray and Miss Gussie Spickerman.

Mrs. Wallace Hostess.

Mrs. John Wallace entertained the N. T. club yesterday afternoon at her home, 515 West First street. The decorations and luncheon appointments were carried out in lavender and white. A profusion of autumn wild flowers was used throughout the house. In entertaining, Mrs. Wallace was assisted by her daughters, Mrs. William Thornhill and Mrs. Melvin Powell. The guests were Mrs. Wesley Howland, Mrs. John Stundon, Mrs. Fred Smith and daughter, Emma, Mrs. Byron Christy, Mrs. Charles Alexander, Mrs. Lewis Zahn, Mrs. Harry Shipp, Mrs. Glover Kelley, Mrs. M. Wallace and daughter, Mildred, Mrs. Mike Lahr, Mrs. Del Thompson, Mrs. John Rickman, Mrs. Tom McMullen, Mrs. Ernest Glover, Mrs. William Edwards and daughter, Augusta, Mrs. William Thornhill and Mrs. Melvin Powell.

Miss Grem's At Washington.

Miss Louella Grem, who has just returned from a visit at Washington, D. C., where she was a house guest of Mr. and Mrs. John I. Hoffman, was the recipient of many courtesies at the hands of Congressman C. F. Boohar of Savannah, which added much to the pleasure of her stay in the national capital. Mr. Boohar was the escort for Miss Grem and her hosts on a sight-seeing trip through all the government buildings and he also secured seats for the party in the senate on the day President Wilson delivered his message to a joint session of the senate and house. Later Mr. Boohar accompanied them to the White House, where they were there shown all through that historic mansion and were given an introduction to the president, meeting the chief executive in his office. Mr. Boohar also obtained cards of admission for Miss Grem and the Hoffmans to the bureau of printing and engraving, where postage stamps and U. S. currency are printed. This visit was considered by Miss Grem to be one of the most interesting of all.

Another part of the visit much enjoyed by Miss Grem, who is also an enthusiastic base ball "fanette" was the game between New York and Philadelphia and Boston.

Going, Miss Grem went by the way of St. Louis, and Cincinnati, and Harper's Ferry and returned by the way of Chicago, visiting at each of these places.

LIFE And The Game

LIFE is like a game of chess. The disappointed man may find that his particular game is a failure, because he sits waiting for somebody else to make a play when it's his own move. Things seem to have gone wrong generally. The other man has the bank account. The other man makes the wise investment. The other man annexes to himself all the desirable things of life. What's the trouble? Have you forgotten your part in the game?

Don't sit watching his brilliant moves and allow your own opportunities to get cornered. Take a hand in the game. Start an account with us and get so in earnest, so absorbed in the game that you compel others to watch. That's the way to win. It's your move NOW.

BEWARE OF HESSIAN FLY.

Government Experts Advise No Wheat Sowing for a Week.

That the Hessian fly will do serious damage to wheat this fall is not the least problematical according to experts of the bureau of entomology, United States department of agriculture. Indications are that the pest is generally distributed over several states, including Oklahoma, Kansas, Nebraska, Iowa, Missouri and Arkansas, sections of which have suffered immense loss from its ravages to wheat during the season just closed.

There are two generations each year over the district outlined and the recommendations given herein are applicable to the entire district. The first generation occurs in the early spring, at the time the new wheat leaves are putting forth. This is the one that did so much damage to the wheat last spring and the "flaxseed" produced by this generation are in the wheat stubble at this time.

Suggests Discing.

The second generation is the one produced by the "flaxseed" which are in the stubble. It occurs on the fall wheat and often kills out 75 to 100 per cent of the plants. The farmer must destroy the "flaxseed" in the stubble before wheat is planted, according to the experts.

As remedies disc the stubble as soon as possible after the wheat is removed, they say; follow disc with a big fire; follow the fire with the plow, and plow deep; follow the plow with a harrow or heavy roller. If you do not wish to burn the stubble then follow the disc with the plow being careful to cover all stubble and weeds. Prepare a good seed bed and be careful to select the strongest seed, choosing a variety having a stout straw.

The most important step to take is to select carefully the time for the sowing of your wheat this fall. The date for sowing wheat to evade the Hessian fly is also the date to sow for the best yield. Suitable dates for sowing wheat are as follows: Sow wheat after October 1 north of 49th parallel and after October 5, north of 39th parallel.

Establish Touring Bureau.

A branch of the Touring Information Bureau will be established in the office of the Commercial club as the result of actions taken by the directorate of that civic body. J. J. Kirker of Kansas City, field representative of the bureau, left Maryville last night after spending several days in the city to establish the branch office.

The Commercial club will be furnished maps of all roads traversing the county and northwest Missouri, including the Saint's highway, the O. K. line and the St. Louis-Omaha road. The maps show in detail every railroad crossing, dangerous stretch of highway, and every turn of the road.

May Earn \$1 a Minute.

Many of the more progressive farmers of Missouri are selecting their seed corn before gathering time. This means that every farmer who goes into the field and picks out seed ears by examining the stalks is going to increase his yield per acre next year—it is actually making money and saving money, marking the difference between making and losing on a corn crop. Trying to pick seed corn in the crib is a good deal like sowing up a girl without having seen her mother. The secretary of the state board of agriculture says you can earn a dollar a minute by going into the field and selecting your seed corn before the ground freezes.

Royal Baking Powder is absolutely pure and wholesome. It is made from highly refined, pure, cream of tartar, an ingredient of grapes. Not an atom of unwholesomeness goes into it; not an unwholesome influence comes from it. It perfectly leavens the food, makes it finer in appearance, more delicious to the taste, more healthful.

Its superiority in all the qualities that make the perfect baking powder is never questioned.

Is Roses to Farmer.

War in Europe boosts the ways of peace in Missouri. The crop reports of the board of agriculture report a 5 per cent decrease in wheat acreage for 1915. The advance in selling prices of wheat and the outlook for continued war abroad has since stiffened the backbone of the Missouri farmer—and the outlook now is for an increased acreage of wheat over the earlier outlook. Federal and state authorities agree that October 1 is the deadline on danger from Hessian fly in north Missouri, and October 15 in

south Missouri. Millions of fly maggots are working in the volunteer wheat now in many sections. Sowing earlier than the above dates invites trouble. All volunteer wheat should be turned under at once. Wheat for pasture, sowed early, is the king of Hessian fly incubators.

Now that a new shingle roof has been put on the Skinner schoolhouse, the Trenton Times says the pupils will no longer be compelled to use oil on their hair to keep from getting wet when it rains.

BOARD MAKES BIG SAVING.

Rejection of Proposed Phone Rate a Favor to Farmers.

The Bell Telephone company has backed up on its decision to increase the rate on rural phones from \$1.50 to \$2 a month. This will mean a saving of 50 cents a month or \$6 a year to many thousand farmers in Missouri. The Bell company some months ago filed with the state utilities board notice to the effect that patrons of rural lines who had been getting service at \$1.50 a month would be required to pay \$2. The board, with characteristic zeal, immediately instituted an inquiry to determine if there were just grounds for such an increase. It found there were none and gave notice to the Bell company that it could not sanction the proposed increase. The Bell company this week withdrew its notice of a change in rates and agreed to continue giving first class service to Missouri farmers at the same old price. The utilities board was created by a democratic legislature and its members were appointed by a Democratic governor. It has made satisfactory settlement of nearly one thousand complaints and disputes between public service corporations and their patrons and has not only saved to the people many times its cost, but has put into the state treasury nearly \$75,000 in fees it has earned for them.

ANNOUNCE CROP YIELDS.

Missouri Farms Show Big Production for Year.

The crop reporting board of the United States department of agriculture has given out the following estimates of Missouri crops for 1914:

Corn—7,375,000 acres, 129,062,000 bushels, \$95,506,000 farm value.
Hay—3,000,000 acres, 1,800,000 tons, \$26,100,000 farm value.
Wheat—2,315,000 acres, 39,586,000 bushels, \$33,252,000 farm value.
Oats—1,250,000 acres, 26,500,000 bushels, \$11,925,000 farm value.
Irish Potatoes—85,000 acres, 3,250,000 bushels, \$3,004,000 farm value.
Cotton (line)—111,000 acres, 66,000 bales, \$3,636,000 farm value.
Tobacco—5,100 acres, 3,315,000 pounds, \$421,000 farm value.
Rye—16,000 acres, 240,000 bushels, \$180,000 farm value.
Barley—5,000 acres, 110,000 bushels, \$66,000 farm value.
Sweet Potatoes—6,000 acres, 336,000 bushels, \$353,000 farm value.
Flaxseed—10,000 acres, 50,000 bushels, \$58,000 farm value.
Buckwheat—2,000 acres, 28,000 bushels, \$19,000 farm value.

Now is the best time of the year to paint or paper your home. We strive to please. Arnett Decorating Co. 28-30.

RIGHT WING OF GERMANS IS BROKEN?

Paris Report Says
Teutons on Run.

ARE CHASED BY AUTOS

All Motor Cars in Northern France

Requisitioned For Pursuit.

NO O. K. FROM BRITISH BUREAU

Government Refuses to Be Responsible For Its Correctness.

WAR SUMMARY

While the British and French official announcements indicate satisfaction with the situation along the battle front in France and confidence in the outcome, an unofficial report from Paris declares that the German right has been broken and is being pursued by the allies.

The meager reports of the Russian campaign against Austria and Germany indicate a period of comparative calm while the great armies of these nations are getting into position for offensive and defensive.

The cruiser Emden, which recently captured six British steamers and sunk five of them in the Bay of Bengal, has sunk four more and captured a collier.

Late dispatches declare that the Germans have begun their attack on the first line of Antwerp defenses, that they have reoccupied Malines, occupied Moll, an important railway junction, and are bombarding Lierre, a few miles from Antwerp, where many houses have been destroyed.

London, Sept. 30.—A Paris dispatch to the Exchange Telegraph company says:

"It is stated here that the German right has been entirely broken and is now being pursued by the allies. All the automobiles in northern France have been requisitioned for the purpose of pursuit.

"Armored motor cars with mitrail-leuses are also being used to pursue the retreating enemy.

"The official communication demonstrated unmistakably that the Germans have been surrounded in the Somme department, the French front extending further east.

"It is officially stated that Peronne has been captured."

The foregoing message has been referred to the British official press bureau, which, while not objecting to its publication, takes no responsibility for its correctness.

Positions Little Changed.

The announcements issued by both French and British officials declared that there had been no change in the situation, which they had previously reported as favoring the allied army to some degree.

The French announcement says the Germans have continued their day and night attacks, only to be repulsed, but it is evident that they are showing plenty of fight and making a supreme effort to prevent the allies from working around their right.

To the north of the Aisne two well entrenched armies still face each other, neither being able to make much headway, while in the center the artillery duel continues in the district between the Argonne and the Meuse.

Australian Troops Sail.

Seattle, Wash., Sept. 30.—Australian papers received in Vancouver on the steamship Makura say that Australian troops sailed for Europe Aug. 17. As no colonial troops have passed through Canada, it is supposed the Australians proceeded through the Suez canal.

Captured German Gun in London.

London, Sept. 30.—Few know of it, but in the court yard of the war office was exhibited the first German gun taken by the British forces in the present war. It was much indented by bullets. The trophy was taken by the first Lincolnshire regiment.

German Naval Casualties.

London, Sept. 30.—Telegraphing from Copenhagen, the correspondent of the Evening News says that the sixth German naval casualty list gives the names of one man killed and thirty-one officers and 495 men missing.

3 British Cruisers at Punta Arenas.

Punta Arenas, Chile, Sept. 30.—The British cruisers Good Hope, Monmouth and Glasgow, under the command of Rear Admiral Sir Christopher Cradock, arrived here.

Some farmers are sure it is too late to sow alfalfa while others are just as sure that there is plenty of time yet.

RUSSIANS DRIVE AUSTRIANS BACK

Pursue Foes Into Hungary and
Also Toward Cracow.

PRZEMYSL FORTS INVESTED.

Rival Armies Are in Close Touch
Along Extended Front and Battle
Cannot Be Long Delayed—Situation
in Far East.

London, Sept. 30.—Having invested Przemyśl, the Russians are reported to be making their way not only through the Carpathians to sweep across the plains in northern Hungary, but, in strength, toward Cracow, which they may reach before the week is out, unless the Austrian field army succeeds in checking the advance. Their arrival at Cracow would be the signal for a battle along the Russian-German frontier.

The Germans are in force at Cracow, where the Austrians would form their extreme right and they have considerably reinforced their front extending north of that fortress through Kalisz, Russian Poland, to Thorn, in the province of West Prussia. Farther north they have crossed from East Prussia and have got as far as the river Niemen, where they are reported to have suffered a reverse.

The two armies, however, are in close touch right across the front so that a battle along this extended front cannot be long delayed.

The Russian emperor's immense armies will oppose the Germans at every point and will themselves try to invade Germany in more than one district.

Of the operations around Sarajevo nothing has been heard, but the Serbians and Montenegrins must soon be ready for a grand assault on that city, which, beyond all others, the Serbians would like to occupy.

The Austrians also are being attacked at Cattaro, where, in addition to land operations by the Montenegrins, the French and English fleets are making an effort to reduce the fortress.

Leave Hungary to Fate.

"From the latest events in Galicia and along the Carpathians the conclusion drawn is that the Austrian army has abandoned Hungary to its fate and has left the route to Budapest to be defended by the Hungarian national troops," says the Petrograd correspondent of the Daily Telegraph. The dispatch continues:

"The Austrians continue to retreat before the pursuing Russians and appear to have given up not only the defense of their country in general, but also to have decided to abstain from further independent action. They are simply hurrying on to Cracow to join the right wing of the Germans and apparently intend to become a mere component part of the German army."

China Is Taking a Hand.

In the far east there are signs of much activity on the part of the Japanese, who are engaged in a movement by both land and sea against the German concession of Kiauchau, in Shantung province, China. These Japanese have occupied the heights outside of Tsintau, the capital, overlooking the German main line of defense.

Chinese troops have blown up the railroad bridge at Tayuho, six miles west of Weisai, which also has been occupied by the Japanese, and are thus apparently opposing military operations in Shantung province.

CHILDREN'S PEACE PETITION

Will Be Sent to Schools Everywhere
For Signatures.

New York, Sept. 30.—A letter to the children of the United States, asking them to sign a petition to the rulers of the warring nations in Europe and Asia asking peace, was issued by the children's peace petition committee, with the approval of the board of managers of the General Federation of Women's Clubs.

Teachers are asked to read the committee's letter to their pupils and to have the children sign the petition and return it to the committee here.

The petition, addressed to the emperors of Austria, Germany, Japan and Russia, the kings of Belgium, Great Britain and Montenegro, and the president of France, pleads with the rulers to call an immediate armistice and submit their differences to The Hague tribunal and to promise to have all future difficulties adjusted in the same manner.

Italians Warned to Keep Out of It.

Rome, Sept. 30.—The Official Gazette has published a warning issued by the government to Italians who have taken or intend to take service in the army of any country now at war. This action is against neutrality and punishable with from five to ten years in prison, or sixteen years in case Italy becomes involved.

Burgomaster of Brussels Released.

London, Sept. 30.—Burgomaster Max of Brussels, who was arrested on the order of the German military governor on the charge that he had ordered the banks to refuse to pay an installment of the indemnity which was due, has been released, following agreement to the Germans of \$6,000,000.

Complain of Grain Weevil.

Complaints are coming into the office of the state board of agriculture that the grain weevil is doing injury to wheat in granaries and elevators in many instances where it has not been moved since being threshed. Professor C. B. Hutchison advises fumigating with carbon bisulphide in a tight granary, bin or box. Use proportion of ten pounds to each thousand cubic feet of space. Pour liquid in shallow dish and set on top of grain, closing bin tightly for one to two days. Avoid breathing the gas, which is dangerous to all life and is highly explosive under certain conditions. Bar the pipe, cigarette, lantern or fire—and do not risk even a spark from driving a nail. The vapor or gas is more than twice as heavy as air and will, in a tight bin, settle down into the grain. The fluid is cheap and can be bought at drug stores. Uncertain results may be expected if bin or box is not tight and not well covered.
